What [4Jean Baptiste F \(2 2 years ago on Google\)](#) likes about To Takimi:

Well situated in the heart of Naousa, this traditional Greek restaurant offers all the local specialties with decent prices overall. The quality of the food was pretty good tasty and portions were quite big! Staff was really friendly and the outdoor terrace is spacious and relaxing. [read more](#). What [3Maximilian B \(5 4 years ago on Google\)](#)

doesn't like about To Takimi:

The service was less than mediocre. The food looks actually really good, but doesn't hold up to it in taste. The coffee was okay. The outside seating is actually pretty cute. In total I would not recommend to grab a bite here but for a quick coffee in a nice atmosphere it's a good place. Also located right in the city center you can have a walk afterwards. You also wait quite a long time for the bill. [read more](#). The extensive diversity of *coffee and tea specialties* makes a visit to To Takimi even more worthwhile, At the bar, you can unwind with a freshly tapped beer or other alcoholic and non-alcoholic drinks.
